### Product view

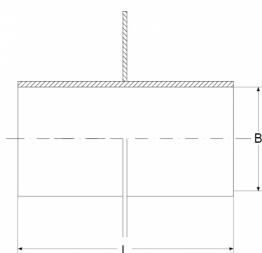

### Product information

Product group	Wall Sleeve Stainless Steel Flange
Item number	<b>CRA22657</b>
EAN / GTIN	4260391379321
Product name	Wall Sleeve Stainless Steel with centered Flange DN 80, for wall thickness 20 cm

### Product description

Stainless steel wall sleeve with centered flange (ID) to set in waterproof concrete; for subsequent installation of pipes/cables through a Crassus press seal; circumferential centered flange (10 cm, stainless steel V2A) to prevent ingress of water; 2 end caps as installation aid

### Technical drawing

### Dimensioning

B   Inside-diameter	80 mm
L   Length	200 mm

### Specification

Pressure tightness	0 bar
Weight	0.84 kg
Material	Stainless steel (AISI 304)

### Resistances

UV resistant	✓
Suitable for soil	✓
Flush-mounting suited	✓
